In this dispute  
You've got justice on your side  
They've got the law  
But we'll be fighting by the rules

Maybe we'll lose  
But we can our heads high  
For if we lose  
We'll know that our cause was true

Let's get away  
From the idea that in industry  
There are two sides at war  
It's not like that at all

Play by the rules  
And public opinion might stay with us  
Play by their rules  
We'll obey all the laws they make

Against you  
Let's hope to god that the company  
Will negotiate  
Militancy is no answer

Let's get away  
From the idea that in industry  
There are two sides at war  
It's not like that at all

So strong's the right  
We'll have to knuckle down  
Try not to fright  
Public opinion

That's to be found  
Inside the Daily Mail  
So strong's the right  
We'll have to knuckle down

They took our funds

They put hundreds of blacks in jail  
The company put thousands more  
On the dole

At my desk I sit back and I wonder why  
Did we speak too strong?  
We'll speak much softer  
Next time

Let's get away  
From the idea that in industry  
There are two sides at war  
It's not like that at all
