If you are under attack, I've got news for you  
They've got away with it for long  
Here's what to do  
Here's what to do today

Oh go ahead, don't be afraid  
Go on ahead and write to your MP

Oh go ahead, don't be afraid  
Go on ahead and write to your MP

If twenty racists are battering at your door  
The friends of the thing you trust threaten to make your  
life hell  
Well I've got news for...

If the gay-bashers are throwing rocks at your head  
Enough is enough  
We must campaign for the return of Labour to power

So go ahead, don't be afraid  
Go on ahead and write to...  
Oh go ahead, don't be afraid  
Go on ahead and write to your MP
