I need you - close to me
can't stop thinking about you baby
feel so good - love so true
girl you're drive me crazy
just when I thought I was lost and alone
you give me love and love's so strong
baby I long for your warm ambrace
I can't go on till I see your face

I can't take another minute (2x)
without your love (3x)
another minute

take my hand - take my heart
tell me our love will last for ever
say you love, say you care,
say we will always be together

just when I thought I was falling apart
you shine your love on a lonely heart
I wanna feel you closer to me
I wanna hold you so tenderly

I can't take another minute (2x)
without your love (3x)
another minute

can't take, I can't take, I can't take
another minute
can't take, I can't take, I can't take
take my hand
take my heart
take my uh
take me all apart

just when I thought I was falling apart
you shine your love on a lonely heart
I wanna feel you closer to me
I wanna hold you so tenderly

I can't take another minute (2x)
without your love (3x)

another minute (3x)
