Serious emergency

Someone come and rescue me

Help me make it through the night

All my wanting's got to stop

I need some love to fill me up

Come in close and hold me tight

Chorus:

Ooh'we

A chemical reaction

Ooh,we

A fatal attraction

Ooh'we

I've gotta get some action

NOW!

This has gone on far too long

I feel a change is coming on

That's gonna makes me feel alright

Please release me from this state

Don't delay, don't hesitate

I feel a rising up inside

Chorus

Physical equality

Is chemical reality

It's what I need to set me free

When it comes to push and shove

I need some help from up above

I gotta find this thing called love

Chorus
