I start to miss your tender touch  
The smell of your perfume still lingers on  
So I can't take it any more

Don't say goodbye, don't make me cry  
Don't leave me fighting for our love on my own ( 2x)

I tried so hard to hide the pain  
But deep inside I can't explain  
You make me feel like no one else before  
I'm slowly drowning in my tears  
Keep on running from my fears  
I tried to understand what's going on  
I can't take it any more

Don't leave me fighting for our love girl  
Don't keep me hangin on my own  
Let's get together cause we can find a way  
Please don't leave me fighting my own

All across the universe  
Every boy and every girl  
Is looking for a thing called love  
So why do all the other guys  
Got pretty women by their side  
Some guys really can't complain

Every night I lay awake and cry  
I'm missing someone to stand by my side

I feel lonely ,lololonly,  
you're the one and only  
That makes me feel so blue  
I feel lonely, lololonly,  
you're the one and only  
That makes my dreams come true  
I feel lonely

It's not easy to fall in love  
So I pray to god above  
Lord, I need a helping hand  
Hey, Mr. DJ play this song

I felt lonely for so long  
This is my SOS for love

All the time I got it on my mind  
Someone to hold me tight is hard to find
