Believe in something
You careless thing
Stop feeling sorry
It's worrying
Pick up the pieces
You've got the time
You can deliver
Your heart's just fine
Get your wreck together, you cilly child
You can sing forever, now ain't that wild

I said do-do-do-do
Do do-do-do-do
Do do-do-do-do
It ain't that bad at all
Do-do-do-do
Do do-do-do-do
Do do-do-do-do
It ain't that bad at all

Let's see the glitter
That you can bring
To every party
Now there's a thing, yeah
Stop misbehaving
Get a grip on yourself
Your life's worth saving
But for someone else say this
Now pack your troubles
For what they're worth
You ain't no angel
Come back down to Earth

I said do-do-do-do
Do do-do-do-do
Do do-do-do-do
It ain't that bad at all
Do-do-do-do
Do do-do-do-do
Do do-do-do-do
It ain't that bad at all

Stop misbehaving
Get a grip on yourself
Your life's worth saving
But for someone else say this
Now pack your troubles
For what they're worth
You ain't no angel
Come back down to Earth

I'm saying do-do-do-do
Do do-do-do-do
Do do-do-do-do
It ain't that bad at all
Do-do-do-do
Do do-do-do-do
Do do-do-do-do
It ain't that bad at all

Do-do-do-do
Do do-do-do-do
Do do-do-do-do
It ain't that bad at all
Do-do-do-do
Do do-do-do-do
Do do-do-do-do
It ain't that bad
It ain't that bad at all
