You're looking lost and I don't know the reason  
All that I know is that you should not be  
Don't run away the time is now the place is here  
Don't hesitate, for this is very urgent  
I'm in a state in which I should not be  
It's up to you, to let a minute save your day  
Show me what you got, I know you've got a lot  
So don't you let it slip away  
Just show me what it takes to hold you, maybe no one  
told you  
Trust me when I say  
Today's your lucky day  
Today's your lucky day  
Dear Diary, I'm on my way to madness  
She don't belong to mediocrity  
I'll let her know, that I have never been so  
shure  
Show me what you got, I know you've got a lot  
So don't you let it slip away  
Come on show me what it takes to hold you, maybe no  
one told you  
Trust me when I say  
Today's your lucky day  
Don't get me wrong, I'm not in love (not  
completely)  
But if you want, we'll carry on and on  
Show me what you got, I know you've got a lot  
So don't you let it slip away  
Come on show me what it takes to hold you, maybe no  
one told you  
Trust me when I say  
Come on show me what you got, I know you've  
got a lot  
So don't you let it slip away  
Just show me what it takes to hold you, maybe no one  
told you  
Trust me when I say  
Today's your lucky day  
Its your lucky day  
So trust me when I say  
Today's your lucky day
