If I could fly I would fly across the river
Just to get to your heart
When we're alone all my bones start to shiver
The feeling tears me apart

I wanna give you all the best in me
If you'd just give me a minute

I'll be right on time, right on time for love
Right on time, right on time for your love
I'll be right on time, right on time for love
Right on time, right on time for your love

Give me your time and we'll spend it together
Just call out my name
Send me a sign and I'll be yours forever
I hope that you feel the same

I wanna give you all my heart for free
If you'd just give me a minute

I'll be right on time, right on time for love
Right on time, right on time for your love
I'll be right on time, right on time for love
Right on time, right on time for your love

Right on time, right on time
Right on time, right on time

I wanna give you all my heart for free
If you'd just give me a minute

I'll be right on time, right on time for love
Right on time, right on time for your love
I'll be right on time, right on time for love
Right on time, right on time for your love

Right on time, right on time for your love
Right on time, right on time for your love
