You're creeping toward the edge now, oh
And falling off of everything you know
You're beaten and you're wounded and you're
reaching
You're reaching out for anything at all

Though you feel like giving up now
You sing out a new song
You sing it out loud, oh yeah
Oh

You're wishing things were different, oh
Every day is harder than before
Giving up on hope now
There's no future
You're dreaming 'bout the way things used to be

Though you feel like giving up now
You sing out a new song
You sing it out loud, oh
'Cause if you give up what you see
The demons fall and angels sing
Halle, hallelujah

If what you want is what you need
And number one is one in three
Halle, hallelujah
Halle, hallelujah
Yeah

-Vocalizing-

Though you feel like giving up now
You sing out a new song
You sing it out loud, oh
'Cause if you give up what you see
The demons fall and angels sing
Halle, hallelujah

If what you want is what you need
And number one is one in three

Halle, hallelujah
Halle, hallelujah
Halle, hallelujah
Yeah, oh

-Vocalizing-

Halle, hallelujah
Halle, hallelujah
