A light that shone, in these darkned rooms  
Rooms I remember only too well  
The backroom, the basement, the attic and your bed  
Well it lies empty and inslept in, when you're gone I  
lose my head

The scent on the sheets, as I go to sleep  
Under my nails from scratching so deep  
A room full of lust, to drive me insane  
Yes you linger in me, just like love and pain

Some nights you're a vision, that shimmers slightly in  
the rain  
And other times you seethe and you course through my  
veins

You linger like love and pain (love and pain)  
That scarlet holy stain  
Yes you linger like love and pain  
Love and pain

My body aches to breath your breath  
With your words you keep me alive  
Nothing between us but nakedness  
While you suck my lifeblood through your crazy eyes

Some nights you're a vision, that shimmers slightly in  
the rain  
And other times you seethe and you course through my  
veins

Yes you linger like love and pain (love and pain)  
That scarlet holy stain  
Yes you linger like love and pain  
Yes you linger like love and pain

Some nights you're a vision, that shimmers slightly in  
the rain  
And other times you seethe and you course through my  
veins

Yes you linger like love and pain  
That scarlet holy stain  
Yes you linger like love and pain  
Love and pain  
Well you linger like love and pain  
Love and pain  
Love and pain...
