Miles away
Miles away

Another day, I'm holding out
There's only so much more I can take
Floating through time so easily
Though I feel so tired I'm awake
And it won't take that long
Absence makes the heart stronger
And I can't wait to be with you again

Miles away
When there's no road I can lead you
Miles away
Wherever I've gone I can breath you
Miles away
Just ask the hours for lead us so straight
Miles away
Closer we feel though we're miles away

Another day we all begin
I can feel you want closing in
Just as the night wants to an end
Every touching part I was sent
And it won't take that long
Absence makes the heart stronger
And I can't wait to be with you again

Miles away
When there's no road I can lead you
Miles away
Wherever I've gone I can breath you
Miles away
Just ask the hours for lead us so straight
Miles away
Closer we feel though we're miles away

Miles away
When there's no living without you
Miles away
However strong I still need you

Miles away
Who will us promise there's time everyday
Miles away
Closer we feel though we're miles away

Miles away
Miles away
Miles away
When there's no road I can lead you
Miles away
Wherever I've gone I can breath you
Miles away
Just ask the hours for lead us so straight
Miles away
Closer we feel though we're miles away
