Temptation's calling:
Come dance with me
My crimson queen
The siren's singing to me
A song so dark, so sweet

I feel like I'm lost in a dream

Vocalise

The fever's raging in me
So strong, my flesh grows weak

Possessed by this beauty I see

Vocalise

In all my life I've never known
A world so shameless and bold
But now, I'm falling
Into the night, into desire
A slave to ecstasy
Slave to ecstasy

The night is calling to me
