"Stick It"

I know the teasers, I know the queens
But I need something that is right in between
I like the bitches on the south side
I like those girls cause they can rock
I've heard it time and time again
You play with fire you can never win
Don't you think that I can taste it?
Get down and kick it in

Stick it, you're so right
Don't want no rats in my cellar tonight
Stick it, you're gonna shake
Why don't you stick it, stick it tonight

I'm sick of posers, I'm sick of dweebs
They don't know nothing about what's fueling me
I hate the leeches in the dance clubs
I need a place where I can rock
I've said it time and time again
You start the fire you can always win

And don't you know I'm gonna change it
Look out, I'm coming in

Stick it, you're so right
Don't want no rats in my cellar tonight
Stick it, you're gonna shake
Why don't you stick it, stick it tonight

Sometimes I walk these streets at night
Thinking, I don't know how much more I can take
Sometimes I just want to tell somebody to piss off
I'm not some two faced punk
That gets his kicks out of playing for free
I'm just a genuine product of the working class

Stick it, you're so right
Don't want no rats in my cellar tonight
Stick it, you're gonna shake
Why don't you stick it, stick it tonight
