It's getting late and I wanna go
But there's a price to pay for going to the devil's show
And when the clock strikes three smoke fills the air
You'll see the curtains rise and baby I'm there
I'm a knock-down, drag out, son of a bitch
Just a hell raising mother with a burning itch

I think about you when I'm in the mood

And when they shout my name I wanna move
Just get out of my way, here comes the wrecking crew
I'm gonna bump and shake
I've got the rhythm and blues
So when I come to town start spreading the news

I think about you when I'm in the mood
Oh Lord, shake it down

It's getting late and I wanna go
But there's a price to pay for going to the devil's show
And when the clock strikes three smoke fills the air
You'll see the curtains rise and baby I'm there
I'm a knock-down, drag out, son of a bitch
Just a hell raising mother with a burning itch

I think about you when I'm in the mood
