Don't focus on these rappers black, stay on your grind
Billboards ride by them, pay them no mind
They , stopping, start flapping and they heart stopping
They are plating when you aren't watching
You car shopping but you need a basket
Mother nature is a bitch ,to see disaster
Laughter, bastard
I prepare the weather, the storm, be better than norm
My head is so calm, my feathers are on
Been caught in limbo, trim up my leg and arms
Go for gold like leprechauns, guess I'm like that my
tongue
Could be enough to keep me on
It's that Sean Connery, double o 7 flow
That medical, still got me on vegetable
Hold it in, let it go
Got a savage click, badder bitch and a better flow
So why don't I let me know , let me know
Why don't I let them know, I know

Said the ladies they love me, they love the way I be
leanin
They love the way I be leanin, they love the way I be
leanin
All upon is bouncin, they love the way I be leanin
They love the way I be leanin, they love the way I be
leanin X 2

Get my dick about your ear drum, fuck what you heard
about me
What shit you learned about me is the jungle shouts
around me
Lions tigers and bears, they spit that fire beware
You geet close to this mike it might send you off the
airs
If my thoughts are dead wrong let me bury them in you
I commend you if you offending when they don't
defend you
Quit the make up bitch my old miss I guess I'm a rebel
I was testing for trouble, now I'm projecting my
struggle

For the world and the girls they be loving the kid
Cause I'm a , fried , blooded , bitch
I'm the son of a pimp, is it luck or a gift
They got the centerfold, getting low, sucking my dick
Puffing piff, watching rappers stress for help, y'all
whack
So for practice I'ma battle myself
In the mirror and the ladies and the ballers fuck with
the boy
Haters throw pebbles beef them and rock with you boy

Said the ladies they love me, they love the way I be
leanin
They love the way I be leanin, they love the way I be
leanin
All upon is bouncin, they love the way I be leanin
They love the way I be leanin, they love the way I be
leanin X 2
