"Wake Up"

When the morning light, will you wake up
Crosses my pillow,

Don't ever hesitate to pump your brakes and slow up
How cool you were as a kid don't matter when you grow
up
Know what? You could ruin your life in a matter of
seconds
Matter of preference, but I'd rather be excellent than
Live a loser's life, never move at night
Never grab a gun or run they asking you to fight
It's a new age full of attractions and distraction
Make sure infatuations with cash don't clash with your
passions
The hottest bitches are crazy, the worse is to be lazy
You gotta get it to make it, before you spend it you
save it
Boys ain't gotta ride for you, watching you calling your
brother
Never know when he'll gone, until you talk to your
mother
And undercover copes do exist, don't get caught up
doing stupid shit
Trust me I ain't new to this
Trying to stay away from coke, drink water if you roll
Don't buy drugs off somebody you don't know, whoa
Too much knowledge
Wish somebody would tell me this shit, haha, jig

When the morning light, will you wake up
Crosses my pillow, wake up
