(Breathing)

Why am I asleep

Everything around is so unreal

(Speaking)

Double truth and half lies

Drowning in a workshop full of habitat won't pay

No conversation, feels strange vibration

Don't want it anymore

Check my head out the door

(Guilty)

World has gone insane

Waiting for a bomb to clean the air

(Filthy)

Little mind is working

Taken through the garbage heap of panic and despair

No conversation, feels strange vibration

Don't want it anymore, ain't gonna find

No deviation, no inspiration

'Cause everyone a whore

Check my head out the door

No conversation, feels strange vibration

Don't want it anymore, ain't gonna find

No deviation, no inspiration

'Cause everyone a whore

Check my head out the door

Breathing
