They look for love  
We look for meat  
They think that's bad  
We think that's neat

Girls have problems yes indeed  
Like that monthly rot they all must bleed  
Thaought about that? well think about this  
Don't wanna sit when I take a piss

I'm glad I'm not a girl (x4)

Not being able to choose your fuck

Cuz some schmuck might beat you up  
No fun like that in the world  
Just because you're a girl

(Chorus x4)

Bloddy mess from a monthly discharge  
Livin' like that must sure be hard  
Glad it happens to them not me  
Like having babies 1 2 3  
There are many reasons can't you see?  
(Chorus x4)
