Time for deduction
My private 187
Time for deduction
Your personal MDK

I've got a present for you
Please pack it out
It's murder, death, kill
I've got a present for you
So you can get
MDK

Hope you like it, just for you
Cause you deserve
A murder, death, kill
Hope you like it, only for you
Cause you deserve
MDK

And finally, when you're dead
I'll wrap you into paper
Like you were crap
And finally, when you're dead
No one ever knows
It was MDK

So, that was my present for you
I hope you liked it
It's the thing I do
So, that was my present for you
I hope you like it
It's the last thing I do
