Just another girlband
Fuck that point of view
If you can not relate maybe the problem's you
Feeling insecure and threatened by their songs
It's easier to ridicule than to admit that you are wrong
Compare them to each other, say they sound the same
If you look at your record collection
That excuse is pretty lame
Just another girlband
It's a stupid point of view
Listen to their words and you might
Learn something new

To express your thought or what you feel isn't that what
music is about?
If you decide it's not
If you decide it's not please count me out

All your sexist jokes are
No fun at all
And those pinup posters on your rehearsal room walls
It's all a stupid and ignorant
Rock 'n' roll myth
No wonder this business is so full of shit

But it seems the only way they can get through to you
Is to do what so many women before them have had to
do
Use the traditional concept
Of their sexual appeal
To spread a message, express their thought or what
they feel

To express your thought or what you feel isn't that what
music is about?
If you decide it's not
If you decide it's not just count me out

We have so much to learn from each other
So many different people
(We have so much to learn)
So many different thoughts

(We have so much to learn)
So many different people
(We have so much to learn) (x2)
So many different thoughts
(We have so much to learn) (x2)
So many different people
(So much to learn) (x2)
So many different thoughts
(So much to learn) (x2)
