Although we've had our differences of opinion through
the years I can't deny what I am feeling in here
There are feelings I can hide within me and feelings
that I can't conceal
Like the ones that are bringing on this tears

Sometimes I think that I never get to know you well
enough,
never understand why you did the things you did
Although I'm part of you and you're part of me too
I just wanted you to understand that I'm
Not an echo of your life

I don't never want to forget the sound of your voice or
the smile on your face
I don't want the image of you to fade away
I know we're running out of time, don't ever think I said
"I love you"
This is my way of saying I do

Although we've had our differences through the years I
cannot judge you,

cannot understand what I do not know
There are feelings I can hide within me and feelings
that I can't conceal
But still they're so difficult to show

Sometimes I think that I never get to know you well
enough,
never understand why you did the things you did
Although I'm part of you and you're part of me too
I just wanted you to understand that I'm
Not an echo of your life

I don't never want to forget the sound of your voice or
the smile on your face
I don't want the image of you to fade away
I know we're running out of time, don't ever think I said
"I love you"
This is my way of saying that I do
