People slave every fucking day working their asses off 'cause there's mouths to feed and rents to pay and that's how the government wants things to stay 'cause they prosper from our ignorance and as long as the masses lack the ability to understand the complexity of government politics bureaucracy can be used to alienate us from what controls our lives they have us well in hand but we can take command 'cause they only have power as long as we let them this charade called democracy is profiting from our loss this charade called democracy no represent us.
