Why don't you just shut up,
keep quiet for a while,
and let somebody else speak out,
instead of you all the time.
Yes, why don't you just shut up !
stop whining for a minute !
don't interrupt me all the time,
please wait until i'm finished.
Oh ! Miss Bigmouth, don't give me that buttface,
and if you have to wear that buttface,
just don't come around.
And if she was a cartoon in our tv,
everytime she ssid something,
loads of shit would be coming, from her mouth !
