So many times when i felt down
you pick me of the ground
and put me back on my feet
back on my feet
I had a shoulder to lean on
someone who was strong
when i was feeling weak
I was feeling weak

So i so i did not understand that
that you you could also
need a helping hand

I'll be there to catch you
You need someone when you fall
I'll be there to catch you
You need someone when you fall
Down

I won't let you down again
sorry that I was afraid
next time I'll be there for you
like you always been there for me

This time I'll be there for you

I'll be there to catch you
You need someone when you fall
I'll be there to catch you
You need someone when you fall
Down

I won't let you down again
