Visit "[Retard](#)" on MotoLyrics.com

What the fuck do you think you're doing  
What's wrong inside your head  
If you ever do that again  
You are just as good as dead

Retard - You say I'm a retard

What the fuck do you think you're doing  
What's wrong inside your head  
If you ever do that again

You are just as good as dead

You're always treating me like dirt  
But you're too fucking blind to see  
You're the one with the attitude problem  
Won't you please stop calling me retard

Retard - You're the retard

Nothing you say is true
