I'm moving slowly  
'cause I'm not feeling too good today  
What was I thinking  
before I started drinking yesterday  
Oh what the hell tomorrow's only Sunday  
Tomorrow I'll be hanging with my head over a bucket  
There's always a good side to the bad  
So I say fuck it  
I'll know for sure that I'm alive  
Thought I'll wish that I was dead  
I'll throw up six or seven times  
Before I even get out of bed  
I'll throw up six or seven times  
Before I even get out of bed  
But tonight  
I'll drown these sorrows  
And get Punk Fucking Drunk
