[INTRODUCTION]

I just want you to know oh oh

That I think our love will grow yeah yeah [x6]

[CHORUS]

Baby cakes

You just don't know, know

How I I

How I like it down low low

And I just want you to know

That I think our love will grow

We'll take it step by step

Because I'm not something you own [x2]

[BOYS VERSE]

Confused don't know what I'm feeling

Confused relationships without meaning

In the mist I can see it gleaming

Time to wake up and stop the dreaming

Coz your my lil Baby cakes

And I know you got what it takes

The way you make me feel

The way that I am

when you talk to you friends

And call me your man

I'ma tell you right now

I appreciate it

Your the one for me

Your the real Shit

You was right there from the start

When I was lost you helped me find my heart

Tell her, I'd like to thank u bank you

Through good or bad times I picture jus me and you

We have a fun time where the funs low

and there's just one thing I want you to know

I just want you to know oh oh

That I think our love will grow yeah yeah [x4]

Baby cakes

You just don't know know

How I I

How I like it down low low

And I just want you to know

That I think our love will grow

We'll take it step by step

Because I'm not something you own [x2]

[GIRLS VERSE]

Lovin every minute

Just you and me

in a field dreaming

You'll be my baby

Maybe there's a possibility

We'll grow old together live happily (happillyyy)

In your grave

Bring out the tiger in me

He satisfies my every need constantly

You're the man for me

The one who even thinks what will life be like

If our eyes never met

and they say that there's someone for everyone

and At the first sight yeah you know it's love

See the person u can't breath ur heart stops

n u get butterflies in ya belly but thats such jus life

That's why I like a different dimension

you can't help it but feelin the affections

Sexual tention physical attractions

Instant flip flirtation actions

I just want you to know oh oh

That I think our love wil grow yeah yeah [x4]

Baby cakes

You just don't know, know

How I I

How I like it down low low

And I just want you to know

That I think our love will grow

We'll take it step by step

Because I'm not something you own [x2]

I I got to know [x4]

The way you look at me

Yeah you pull me closer

Our bodies together

Under the cover

Soft kisses

With ya hands all over

If I have to cry

Then ya cry on my shoulder

Can't get enough

When you loosen my neck

Goes down to my belly

and Carress my breast

i wanna ship your body

Like you was a goddess

Your the man for me

n ya simply the best

u mean the world to me

And it's no contest

For Any other man

i got no interest

Loving you

weather it's wrong or right

I'm thinking of you
Everyday and night
People don't get the wrong idea
It's about us so don't interfere
The way you look at me
Cakes its gotta be
When your out
When your stood right next to me
I just want you to know oh oh
That I think I'll have a go yeah yeah [x4]
Baby cakes
You just don't know, know
How I I
How like it down low low
And I just want you to know
That I think I love will grow
We'll take it step by step
Because I'm not something you own [x2]
[end:] baby cakes u jus dont no (hahaha)
