Skinny bitches, fat bitches (6x)

Those Guys (Guy 1):

I've been in love with fat girls like full wow
Who love M&Ms; but couldn't walk 8 miles, OW!
But in the end they all the same gals
Cause skinny bitches sway fat and need to lose pounds
Man, I'm on the prowl for my dream now
And they all comin' cause if you call them dream gals
Oo baby tonights that night
Until I caught her in the kitchen drinkin' all my sprite
Yo what up!
I called my skinny girl to complain
Man she like "shut up"
I'm sittin' there like "dang"
I yell back "what type of dude am I to deserve this?"
They simply said "you're one of those guys, ain't worth it"

(Chorus)

Skinny bitches, fat bitches (6x)

Those Guys (Guy 2):

Like woah
Don't judge me, man they told Greg not to be so picky
with his lovin'
And maybe my standards need a little bit adjustin'
And maybe your manners need a little of the same
Take it, take it, t-t-t-teach your man there ain't no room
for shamin'
Duh-nt(doesn't) matter how you score, but only if you
win the game
I haven't changed, so you should keep the same tune
You see us gettin' major, but don't minorly presume
that
You can lay flat and I'll just change it for the harmony
Thinkin' you are sharp? Just that, no harmin' me
Gon' feel like in the spot when you're not wins the lots
in that equation
I have to weigh my options

(Chorus)

Skinny bitches, fat bitches (6x)
