I wanna race... I'm getting excited  
You gotta move! a cool competition!  
I'm gonna win... oh babe got nothing to lose  
Get ready, man! and speed up your engine!

Get me started... I wanna be a star  
Set the world on fire and  
Over take you... crazy desire!  
I just wanna be the champion

Get the power of gasoline  
Step on the gas tonight  
See the power of gasoline  
Wanna be out of sight

Tonight again I wanna get power  
Let's, baby, go... I guess I'll be lucky!  
Another race! I'm not gonna crash into you  
You won't forget to run like a rocket
