Listen to an angel sing
Listen to the joy it brings
Out underneath the clouds
I would just shout out loud

Why do i suffer so
Why do i want to go
And don't show me better skies
Until you learn the meaning of trust

Until you learn the meaning of life
Until you learn to live of night and day
You are never going to be alright
So come on and take the stand
And kick him 'til you think he understands
Until you learn to live of night and day
You are never going to be okay
Until you learn the meaning of life
You are never going to be alright
And so take the hand.....

What do you know about me
How can you possibly see
Without walking in my shoes
You'll never taste enough of my blues
So put on your old fur coat
It's 1973
You'll never know enough of us yes
Until you learn the meaning of trust
Until you learn the meaning of life
Until you learn to live of night and day
You are never going to be alright
Yes so come on and take the stand
And kick him 'til you think he understands
Until you learn to live of night and day
Yes you're never going to be okay
Until you know the meaning of life
Yes you're never going to be alright
That's no one take a hand
My love
Don't you understand
Yes... yeah

Until you learn the meaning of trust
Until you learn the meaning of life
Yes until you learn to live of night and day
Yes you are never going to be okay
Yes and come on and take the hand
Yes and kick him 'til you think he'll understand
Yes and take another meaning of life
Yes you're never going to be alright
Yes until you learn to live of the night and day
Yes you're never going to by okay
Yes until you learn the meaning of life... life... life
Yes and listen to the blues
My prayer isn't gonna end...
Yeah yeah
