Lets Go Through Your Cold Blooded Heart
Were There's No End To It
Let?s Find Out What Your Hearts Telling You
Is This Love True? Or Am I Just Confused...
Can You Tell Me To My Face
That You Love Me Here In Place
Baby Your Killing Me
Please Just Say?
143
Every Night I Dream About You
And Every Day I Think About You
I Wish I Could Be With You *every Second Of My Life*
But Now Your Gone
Somewhere I can't See You Now
Please Come Back To Me
Didn?t I Mean Anything To You?
Did Our Kiss Mean Shit To You?
Were All Your Secrets Even True?
Baby, I Need These Answers...
*the Answers Of My Life! *
When We Hugged
And Listened To Each Others Hearts
When We Held Hands
And Never Let Go
But Now All That's Over
My Hearts Split In Two
And I Will Never Get Over You
Please Pick These Pieces Up
The Pieces Of My Heart?
Glue Wont Hold Them Together
The Only Thing That Will Fix It Is One Thing
And That's You...
*I Love You! *
