When you loose somebody
And that part of you is gone
You walk in the shadows
Of were the love that you had shown

(Hoping to find) Searching
(Some piece of mine)
In the darkness you loose your way
When there's no turning back
No more cards to play
All that is left to say

So long, so long
(There's now easy way to say goodbye)
So long, so long
(There's no easy way) Ooh, yeah
Wish that I could say goodbye

When you love somebody
And all hope is gone
No other reason
Your foolish heart just carries on

(They try to say)
They're trying to tell you
(You'll be ok)
You gonna be alright
But they don't know that I
Wake up every night
Crying out your name
I'll never be the same

So long, so long
(There's no easy way to say goodbye)
So long, so long
There's no easy way

Where will I (where will I)
Lay me down to sleep
So I can close my eyes, try to hide
Maybe find some peace, for me

So long, so long
I wish that I could say goodbye
So long, so long
There's no easy way

Please, don't say a word
I'm hurting inside
Just walk away before I cry
I can say goodbye

So long, so long
There's no easy way to say goodbye
So long, so long
