Sometimes you twist
Always insist that you know a way
Should I let go now
But I even know how to anyway
And all that matters is turned around
Over and over again
Where efforts circle become down to now again

Stay the night
Let a little love show
Stay the night (it's all right . . . yeah)
Stay the night
Don't say you don't know
Stay the night

Trying so hard to hold on to you
Can you show me how?
If I seem conscious maybe I'm lost
Can you show me now?
And all that matters is turned around
Over and over again
Where efforts circle become down to now again

Stay the night
Let a little love show
Stay the night (it's all right)
Stay the night
You lead i'll follow
Stay the night (stay tonight)

In all the making
Yours for the taking shakin' me down
You see we've got you know what is enough
To turn you upside-down
And all that matters is turned around
Over and over again
Where efforts circle become down to now again

Stay the night
Let a little love show
Stay the night

Don't say you don't know
Stay the night
You lead i'll follow
Stay the night (ooho)
Stay the night (come on stay tonight)
Stay the night (yeah)
Stay the night
Let a little love show
Stay the night
Stay the night
Stay the night
Don't say you don't know
Stay the night (it's all right)
Just stay the night
Stay the night
Let a little love show
Stay the night
Stay tonight
Stay the night
Don't say you don't know
Stay the night
You lead i'll follow
