ohhhh
something for nothing from u
ohhhhhhhhhh
something from nothing from u

u make me feel so cool,
when i help u break the rules,
and i wonder if i draw the line,
then, would u still b by my side.

BRIDGE
b/c im wasting my song,
while u play me along,
and its takin too long,
i want somthing for nothing from u,(x3)

CHORUS
& i've been breacking my neck,
just to earn your respect,
while im holding my breath,
i want something for nothing from u,(x3)

if i help u win ur fights,(l)
know youll stay w/ me 2night,
and theres nothing that i wouldnt do,
theres, nothing that i wouldnt doooooo,

pretty birdie get ur own hands dirty,
i wont be ur fool this time,
theres crimes of his own for a long while now,

BRIDGE
i've been wasting my song,
while u play me along,
and its takin too long,
i want somthing for nothing from u,(x3)

CHORUS
& i've been breacking my neck,
just to earn your respect,
while im holding my breath,

i want something for nothing from u,(x3)

i'd give u anything,
thats all i wanna do,
if i had nothing left,
then wat could i expect from u.

BRIDGE

wasting my song,
while u play me along,
and its takin too long,
i want somthing for nothing from u,(x3)

CHORUS

yeah,i've been breacking my neck,
just to earn your respect,
while im holding my breath,
i want something for nothing from u,(x3)

something for nothing from u,
i want,something for nothing from u,
come on , i want something for nothing from u,
i want, something for nothing from u,

something for nothing from u
