So leave your worries at the door
Stop thinking about the TV war
I know it's hard but you can't complain now don't
Because you need someone to let you in

On the secret I've been keeping for a thousand years
The secret keeping me from a thousand tears
And I hope girl if I tell you what it is
It would keep us safe and sound and make sure
No one else around knows that

Times breaks down
Leave it on your own two feet
Don't you know that
Time breaks down
Leave it on your own two feet
Leave it on your own two feet
Leave it on your own two feet

Well it's just as easy as 1-2-3
But the only ones who know babe are you and me
So let's make a pact to hide the fact, now girl
To keep it safe and sound and make sure
No one else around knows that

Times breaks down
Leave it on your own two feet
Don't you know that
Time breaks down
Leave it on your own two feet
Leave it on your own two feet
Leave it on your own two feet
Right now

So now there's nothing more to do
But tell you babe, I love you
Let's share our secrets, share our lives
And simply close our eyes as

Times breaks down
Leave it on your own two feet

Don't you know that
Time breaks down
Leave it on your own two feet
Leave it on your own two feet
Leave it on your own two feet
Right now
