I think I might die
I'd die for you
I'd die for you
I'll be waiting
When you come back down

I think I'm under
I'd die for you
I'd die for you

I was listening when you came back down
but I can't hear you, cuz you never made a sound
Can you feel it for a second what I'm goign through
You can't escape it when I slow it down for you
but it's not over
It's coming back again

I think I might die
I'd die for you
I'd die for you
and I'll be waiting
when you come back down
I think I might die
I'd die for you
I'd die for you

Now you shimmer
when the lights go down
and I cant see you
as you're lifting off the ground
Can you feel it for a second what I'm going through
You can't escape it when I slow this down for you
Cuz it's not over It's coming back again.

I think I might die
I'd die for you
I'd die for you
and I'll be waiting
when you come back down
I think I might die
I'd die for you

I'd die for you

And suddenly
You uncloze me
again
any second I would die for you
give my life for you
when you want me to
for you
and I save myself
when you come back through
singing (?)
you cannot undo
what I need from you

Cuz I'd die for
You
I'd die for you
I'd die for you
I'd die for you

I think I might die
I'd die for you
I'd die for you
I can't come undone
I can't, I can't come undone
You get it, you get it.
I think I might die
I'd die for you
I'd die for you
Cuz I'll be waiting
I'd die for you
I'd die for you
