So, Satyr
I'm sitting here
Thinking of blood
Thinking of love
And I got an erection

Ã...Ã...Ã...Ã...Ã...HHH

Come on

Every time I walk down the street
(Erection)
I see a woman that I'd like to beat
(Erection)
I think of blood and I think of love
(Erection)
I think of blood I think of love

I got erection
I got erection

When I set a church on fire
(Erection)
Once a liver, now she's on fire
(Erection)
When I dig a hole in the ground
(Erection)
When I hear the call, the call of Satan's son

I got erection
Ã...Ã...Ã...Ã...Ã...HHHHHHHH
I got erection
I got erection
I got erection

Erection
Erection
(Erection)
Erection
