"I got erectoin"

So, dear
I'm sitting here
Thinking of blood
Thinking of love
And I got an erection

Every time I walk down the street
I see a woman that I like to beat

(erection)

I think of blood and I think of love

(erection)

I think of blood
I think of love

I got erection
I got erection

When I set a church on fire
Once a little church is on fire

When I hear the call
The call of Satan's zard

I got erection
(rep. 3)

Erection
(rep. 1)
