Mourning the decay
Bitter ungodly enemy

cast into heavy woe
Out of the maze, with clear sight - at the brink of one's
abyss
Left in the corner of the world (we are possessed)
Out of the maze, with clear sight - cold eyes at the world
Out of the maze, with clear sight - not poisoned by your
fraud (we are possessed)
Out of the maze, with clear sight - disbelief and scorn
The realisation of the position

Having played the music no one could understand
No longer vulnerable
Serenade to the devil's den - He, the final frontier!

Defaming judgement
mourning self-made pestilence
upon the starving souls
Cannon fodder for the
apocalypse
A haunt for every unclean spirit
Circle the prey, show them your eyes,
Lord of the flies or kingdom of death
Predecessor who blessed us with grace
they bear witness of centuries of might

in sempiternal fight
Excessive aggression -
Fire is the definite sign of rebirth!
The elder's electrons channeled through you

Born to win this battle, defeat is the tongue
carried by thy night Supremacy
of the whore
