Don't you drag me down cause I'm living my life
Don't you drag me down
I'm gonna live my life, I'm gonna live my life X 2

Asking questions, I'm giving answers
You got explaining, who do you think you are
I'm gonna live my life, I'm gonna live my life

They say they know me, that they know who I am
They keep talking bout me but I don't give a damn
Say I don't speak right, that I dress wrong
Nobody from around me would say that I don't belong
I keep bad company, hang out in ,
Thinking they famous, cause they think I keep toss
Look at the cruel words, my success is sweet
Cause I'm learning , while they playing out in the
streets

Whoa, you think you really done shows
Imagine loosing control, selling by your own pace
Acting like a disgrace
Don't make you an icon
You think that no one else knows
The night you're loosing control
You need to grow up baby
Acting like a crazy
Don't make you an icon

Don't you drag me down cause I'm living my life
Don't you drag me down
I'm gonna live my life, I'm gonna live my life X 2

Finding new girlfriends, let them stay for free
But they making out that they live in a big dream
Their face skin and ,on the big scene
,and they pockets are empty
Feel the twist, standing at the bar
Telling my friends ,
Don't drag me down, I'm working home for it
While they spend they days they too busy talkin' bout it

Whoa, you think you really done shows
Imagine loosing control, selling by your own pace
Acting like a disgrace
Don't make you an icon
You think that no one else knows
The night you're loosing control
You need to grow up baby
Acting like a crazy
Don't make you an icon X 2
