Pour your love all over me
Pour your love all over me
Pour your love all over me

I know we've got potential
You make me feel I'm on a high
I dive into the ocean
I'm driven by the motion inside
Don't talk about tomorrow
Cause there's no need to hesitate
So cut the definition, we're limited edition
You and I

I don't need your sympathy
Pity is my enemy
Just pour your love all over me
Pour your love all over me
I don't need no guarantee
Here and now it's you and me
Just pour your love all over me
Pour your love all over me

My heart belongs to no one
Why do you think I will give it away?
A night can be as good as
A hundred thousand meaningless words
Don't talk about tomorrow
Cause there's no need to hesitate
So cut the definition, we're limited edition
You and I

I don't need your sympathy
Pity is my enemy
Just pour your love all over me
Just pour your love all over me
I don't need no guarantee
Here and now it's you and me
Just pour your love all over me
Pour your love over me yeah

Pour your love, pour your love, pour your love

Pour your love, pour your love, pour your love

I don't need your sympathy
Pity is my enemy
Just pour your love all over me
Just pour your love all over me
I don't need no guarantee
Here and now it's you and me
Just pour your love all over me
Pour your love all over me

Pour your love all over me
Pour your love all over me
Pour your love all over me
Pour your love
Pour your love all over me
