"Live Out Loud"

Fire reflecting in these eyes
Visions of You, Imagine my surprise
Sweat hot hands, cold shivers down my spine
Visions of You, Your Spirit so divine

Chorus

Live out, live out, live out loud (4x)

Your eyes pierce through this life of mine
And bring me to give all that I can find
Revelation my heart's desire
Pull me up and out of the mire

Chorus

I am a witness
I'm at the scene of this
I'm throwing myself
I'm throwing myself into you

Chorus

We will see you come again Jesus
