

Benjamin Gate, The

"Scream"

I want to be clothed in Heaven
I want to be covered by your sky
I want to be swallowed up by love
I want to be swept away

You know I'm calling out your name
And your love frees me just the same
We scream it, we scream it, we scream it
Oh Jesus, come down
Reveal your holy crown to me

I want to be clothed in truth
I want to be drowned in justice
I want to be stunned by faith
I want to be swept away

You know I'm calling out your name
And your love frees me just the same
We scream it, we scream it, we scream it
Oh Jesus, come down
Reveal your holy crown to me
