

Benjamin Gate, The "The Healing"

Visit "[The Healing](#)" on MotoLyrics.com

I feel your healing touch
it might not feel like much
but you're getting closer now
much closer
than I ever thought you'd be
than I ever knew you to be
dear Jesus
oh heal me, heal me, heal me

don't want to leave this place
see it streaming down my face
all this pain is lost in the love I've gained

I feel my passion grow
it started out so slow
but you're getting closer now
much closer
than I ever thought you'd be
than I ever knew you to be
dear Jesus
oh heal me, heal me, heal me

don't want to leave this place
see it streaming down my face
all this pain is lost in the love I've gained

crystal pool, blood so cruel
shelter of love, - cloud fire
mystery

don't want to leave this place
see it streaming down my face
all this pain is lost in the love I've gained
