(I wanna dance. I wanna dance. Y'all ready?)  
Dance music, doing nothing but dance music  
For those who want to dance and use it on the dance  
floor  
For those who want more  
For all you people who know what you came for  
Music, music of a floor filler kind  
Lyrics by the Melodie and Statikk right behind  
Me, back-up from Tom quite eventually  
Kicking some ass in the music industry  
Kaos, all over the world they play us  
Kaos is where we're ending up if you don't pay us well  
Now maybe that line will ring a bell  
'Cause some of you people just think that we sell  
Out, but tell me what's it, what's it all about  
Immature talk when you only scream and shout  
Without knowledge, seems to me you've never even  
been to collage  
But still you want the gold chain and the Rolex  
But now enough about that  
You wanna dance, the dance floor's where we're  
heading at  
So come follow me, check out the Melodie  
And I will move your ass permanently

I wanna dance. I wanna dance. I wanna dance  
You wanna dance but you don't know how to  
I wanna dance  
Follow the Melodie and I will show you  
I wanna dance  
Check it in check it out check 1 2  
I wanna dance  
Is this a thing you wanna wanna wanna do ?  
I wanna dance  
You wanna dance but you don't know how to  
I wanna dance

Now let me prove to you all (prove what) that I'm able  
To grab a microphone and plug it straight into a cabel  
Connect the cable to the power of the P.A.  
And through the mighty speakers I will say what I

wanna say  
(So give it up, give, give it up) for the Melodie  
Who fucking gives a shit about what you say,  
broadcaster DJ ?  
To me you're nothing but a big joke  
And if stick to your style then you stick to being broke  
Listen, this is the part that you've been missing  
Better know now what to say before you muther fuckin'  
dissing  
Me, Melodie profession is MC  
And by the way I think I speak for the S.L.P. direct  
When I say suckers don't get respect  
And when I do a diss I always diss in full effect  
So when you standing there and telling me what to do  
I don't give a shit because the shit is coming from you  
But now enough about that  
You wanna dance, the dance floor's where we're  
heading at  
So come follow me, check out the Melodie  
And I will move your ass permanently

Now let me pick it, pick it up where I left it  
Give me some drums some beats  
And I will get the people interested right away  
'Cause this is no average everyday  
Poetry, this is some lyrics by the Melodie  
Kicking, kicking on radio, kicking on TV  
Kicking on the dance floor for the needy  
'Cause dance music's what we always do  
And dance music is what we gonna continue to develop  
So put your ass off and shut the hell up  
And wait for my signal to jump up and jump up and  
move  
To the funky rhythm to the groove  
And as we continue my rhymes will improve  
But now enough about that  
You wanna dance, the dance floor's where we're  
heading at  
So come follow me, check out the Melodie  
And I will move your ass permanently
