I wake up a like a comet dizzy from the re-entry
and i'm on fire, i'm on fire
do the dishes, make the bed, do the math inside my
head
but it still comes out ones and zeros

So i took a look and noticed that your rocket wasn't
docked
inside my bubble, this morning.
put on my helmet and took a breath of your super-
process
oxygen and walked around the launch pad.

i cant believe, i can't believe
that nothings gonna happen, that nothings gonna
happen here.
i can't believe, i can't believe,
the chances are lookin, the chances are lookin slim this
year

watch the countdown from t-minus something to
whatever comes after that
and thought about the way. the supernova shines like
the colors in your hair,
and i'm sorry i'm not there but this is for the good of
the universe.

i looked out and see the world get smaller as i get a
little colder,
as i reach for the satellite phone, i gotta tell you
baby space is the place but its never gonna be home,
cus your not there.

i can't believe, i can't believe
that nothing's gonna happen, that nothing's gonna
happen here
i can't believe, i can't believe
the chances are lookin, the chances are lookin slim this
year.

i can't believe, i can't believe

that nothing's gonna happen, that nothing's gonna
happen here
i can't believe, i can't believe
the chances are lookin, the chances are lookin slim this
year.

I wake up a like a comet dizzy from the re-entry
and i'm on fire, i'm on fire...
