

Benjamins, The "Give It Away!"

Visit "[Give It Away!](#)" on MotoLyrics.com

the tears are warm,
I'm washing off last night
I wish I would've slept through it
I wish I didn't know what you did
one single though going over and over in my mind
I don't own you and you don't owe me a goddamn thing

but I wish it was me
it's never been, it'll never be
you can say that it didn't mean a thing
but it means everything and it's killing me.

oh, well, here's to luck.
I could walk away now and forget
your name, your face and forget how much it hurts
but I never forget that I love you
and I would never forget I could never have you
this all means something this means... I give up.

and I don't about you
and I don't give a fuck who you fuck!!
and when the one you left for leaves you
I won't come back!!!
