We are broken instruments
Burst wide open, smashed and bent

Not what you'd expect
From these city streets
Who serves to protect
The orchestra in me?

Conductor, conductor
I feel electricity
Conductor, conductor
Can you bring out the song in me?

Instruments, instruments, instruments
Banged and blown through
Instruments, instruments, instruments
Banged and blown through

Instruments, instruments, instruments
Banged and blown through
Instruments, instruments
Instruments, instruments

We are broken instruments
Burst wide open smashed and bent

Not what you'd expect
From these city streets
Who serves to protect
The orchestra in me?

Instruments, instruments, instruments
Banged and blown through
Instruments, instruments, instruments
Banged and blown through

Instruments, instruments, instruments
Banged and blown through
Instruments, instruments, instruments, instruments

Conductor, conductor
Conductor, conductor

Can you bring out the song in me?
