I chased a cheetah on an African plain
I saw your face in Barcelona, Spain
Caught your tail while in Amsterdam
I picked it up on the Isle of Mann

Took the ferry back to Liverpool
Just a-lookin' for a-you know who
You disappear every time a flag unfurls

I'll just keep searching all around the world
all around the world, all around the world

I chased you straight down to Le Champs-Élysées
I saw your sari down in old Bombay
Got your bikini while I was diving for pearls

I'll just keep searching all around the world
all around the world, all around the world

I live my life in a departure lounge
and I will not stop until I have you found
I don't know what it is about you girl

but I'll just keep searching all around the world
all around the world, all around the world
all around the world, all around the world yeah
