You're a joker on your own  
making phone calls chasing red lights  
as myself will I find you soon

You know you make me feel the way I feel  
you make the wheels turn  
you make the wheels turn,  
you make the wheels turn.

Moneys hungry like a dog  
burning flowers makes me wonder  
will I find what I'm searching for

You know you make me feel the way I feel  
you make the wheels turn  
you make the wheels turn,  
you make the wheels turn.

Oh, I don't want this house on the hill  
plains to go home, perhaps in..  
all I want is a house on the hill.

I'm the captain of the ship  
sailing up stream no distractions  
and I found what I'm searching for

2 x  
You know you make me feel the way I feel  
you make the wheels turn  
you make the wheels turn,  
you make the wheels turn.
